

GENUS ECO

- High performance, value engineered insect light trap with low running costs
- Aluminium finish for smart hygienic appearance
- 2 x 15 Watt lamps and integral reflectors for increased UVA output
- Easy opening hinged cover for fast, safe and both hands-free replacement
- Uses Electronic ballast which reduces running costs and future proofs the unit against ongoing regulation changes
- Best suited: Restaurants/hotels/bars/fast food/food processing

Genus Eco 535x299mm / 2.9kg / 2x15W
