Date	Area	Treatment Done:	Pest
25 May '18	Outside	<ul style="list-style-type: none">Re-baited all Tamper Proof Bait Stations on the outside of the warehouse (on either side of the roll-up doors)Minor activity detectedRodents under control	Rodents
	Inside	<ul style="list-style-type: none">Re-baited all Tamper Proof Bait Stations on the inside of the warehouse (behind shelving)One tamper proof box was damaged and need to be replaced.  <ul style="list-style-type: none">Minor activity detectedRodents under control	

Area	Findings
Inside	<ul style="list-style-type: none">Pestimators will be placing Rat Wax Bait Boxes (Cardboard boxes) on the structural cement and steel beams of the building, behind the shelving on the far end of the warehouse.These boxes will loose standing and will not be bolted down. Please do not move these boxes, as they are strategically placed the maximum results. This will be done at no cost to Absolute Pets.The damaged tamper proof bait box will have to be replaced at a cost.
